

We'll be starting at 18:00, make yourself comfortable

Get a nice cup of tea, or something stronger,
make sure that your microphone is muted and
that you've hidden the piles of dirty washing
behind you!

**As always, our Code of Conduct applies to all and can be seen
at <https://pydata.org/code-of-conduct>**

Welcome!

It's 18:00!

Which means we start!

Welcome to the third of the virtual series of
PyData Edinburgh events

Any problems during the session please add
a message into the Zoom chat window,
we'll do you best to sort it out.

What's on tonight?

The Companies We Keep:

Building a network graph of UK corporate ownership data

Adam Hill

PyData Southampton

Canon

What's on tonight?

Q&A after the talk

Please add any questions to the
chat box in Zoom
and we'll ask the questions on your behalf.

But first a few introductions...

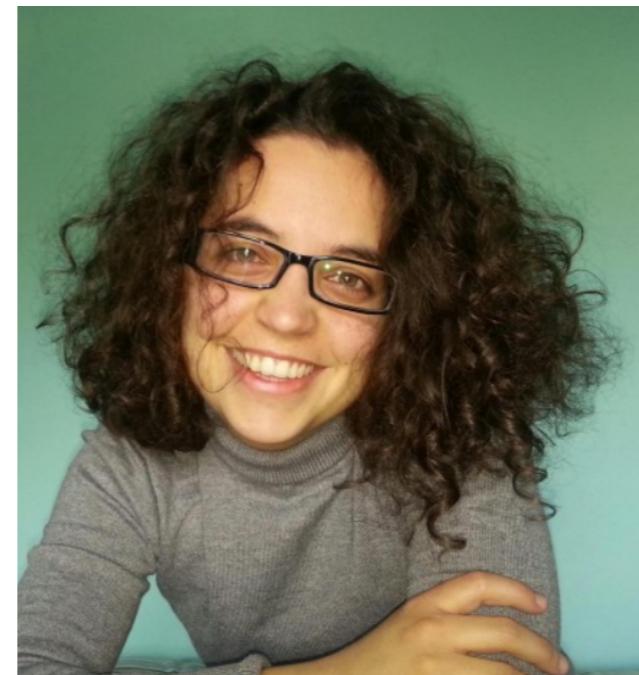

Who are we?

Sam

Head of Data, Effini

Martina

Data Science Lead, Mallzee

Nick

CEO, Stochastic Solutions

What's PyData?

- PyData is an educational program of NumFOCUS
- Forum to share ideas and learn from each other
- Promotes discussion of best practices, new approaches, and emerging technologies for
 - data management
 - processing
 - analytics
 - visualization
- PyData communities approach data science using many languages, including (but not limited to) Python, Julia, and R.

It's also a social event, a place to get help and a great place to extend your network...

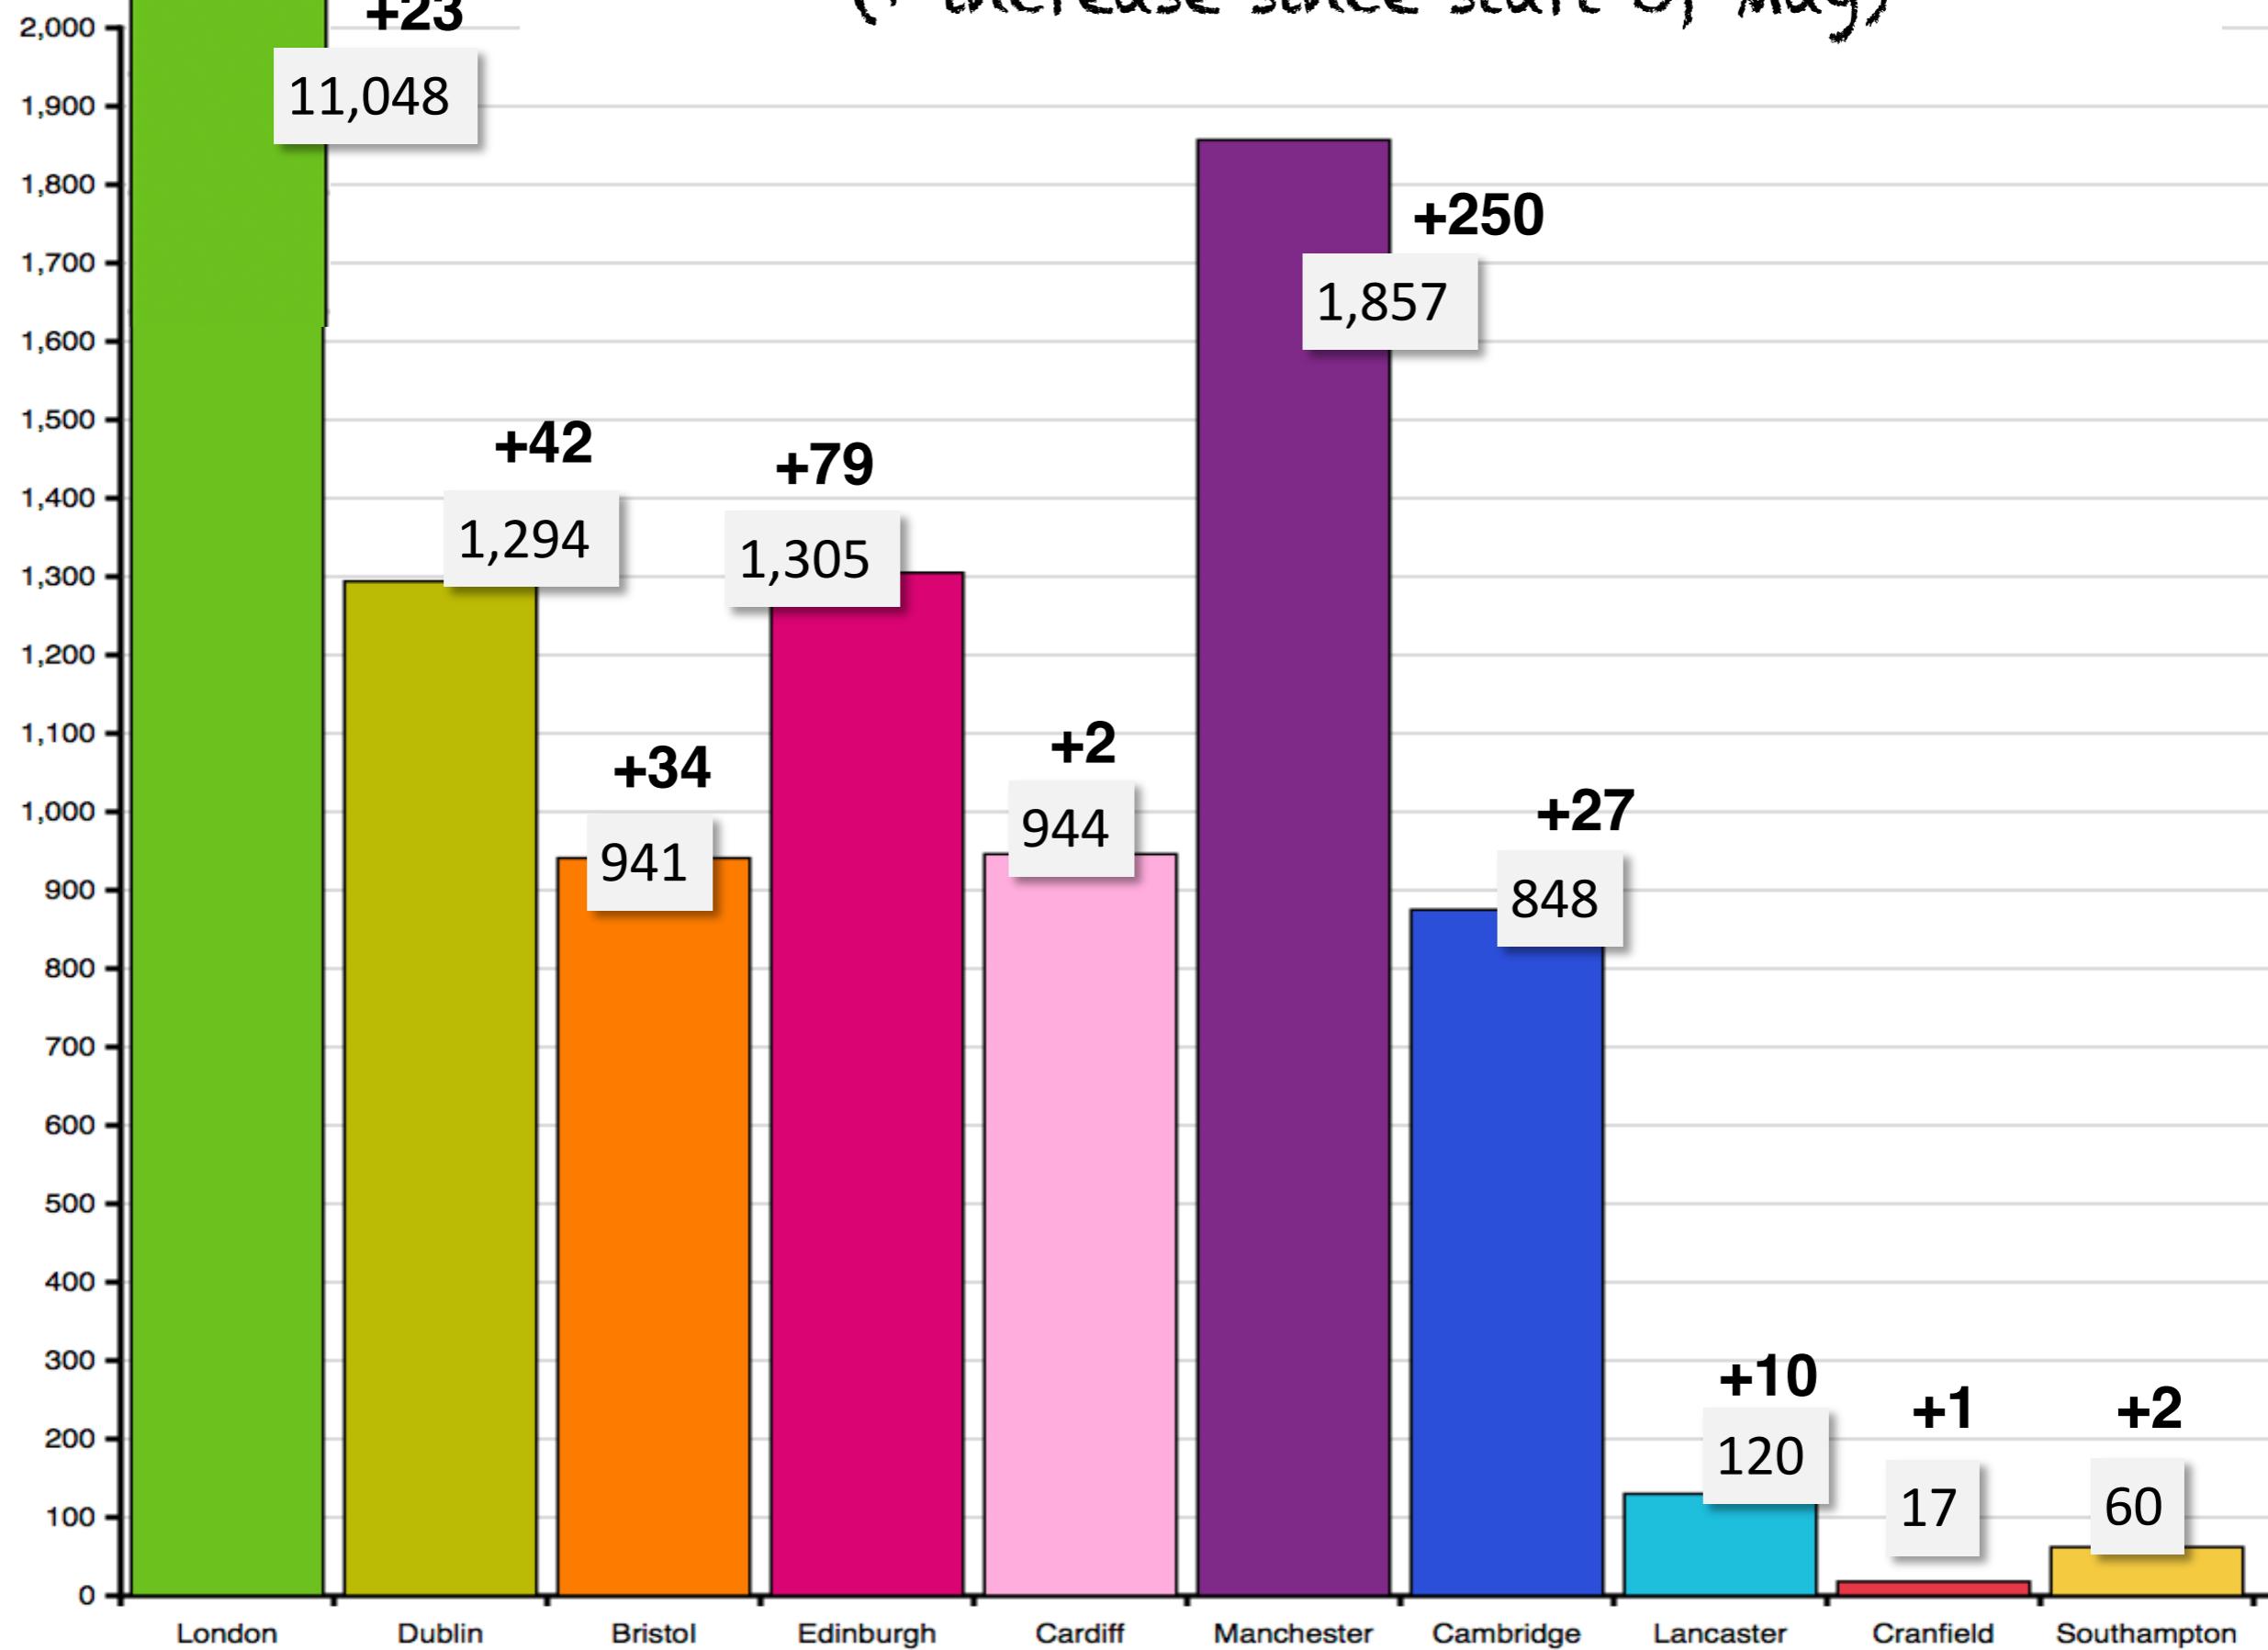

174 groups, across **62** countries with **166,450** members

UK and Ireland

Number of Members at 31st May (+ increase since start of May)

Future Events

Virtual until further notice...

Fortnightly: our next one is Tuesday 16 June, and will consist of a number of lightning talks.

Then, we plan a full-length talk on Tuesday 30 June.

Get in touch if you'd like to talk!

The next event

Lightning talk speakers for 16th July

We still have some spaces!
